Board of Education
Building & Site Committee Meeting
August 24, 2022
Administration Building
6:00 P.M.

The Board requests that all cell phones be turned off during the meeting.

MINUTES

- ITEM 1** **Call to Order: Time 5:15 Attendance, C. Puzdrakiewicz, P. Sorgeloos, Val, Pod, R. Patton, M. Goralczyk, S. Bruen, DTE Virtually**
- ITEM 2** **Public Participation**
- ITEM 3** **DTE Presentation –**
- Clean Bus Program** DTE explanted that they look at districts and buses to see if it would even make sense to move to electric buses. EPA came out and offered more money for grants to look at helping districts become electric.
- We did apply for the grant and we should find out this October if we were approved or not. If we are approved, DTE team will come out and figure out chargers and such. DTE also has a rebate program in place to help offset costs. We have until April to say yes to the grant.
- The DTE team will come out and work with us to figure out all costs and whether it makes sense for us to move forward with electric buses. Roseville, Ann Arbor, Fraser and Oxford have electric buses. Steve was going to call Oxford as they have a lot of back roads as well.
- ITEM 4** **New/Unfinished Business** Steve let everyone know that Traverse now reads to power school and parents can get real time bus information
- We need to look into training for buses if a weapon is on the bus HVAC-Jansen will walk through with someone, possibly Val to look at what work we may need to do to assure our systems in each building will be working properly this winter.
- ITEM 5** **Adjournment: Time 6:38 p.m.**
