

LETTER OF UNDERSTANDING BETWEEN New Haven Community Schools, MEA-NEA,
LOCAL 1 for the 2020-2021 school year due to the Covid-19 Pandemic

Re: 6-12 Live Stream for CORE Classes

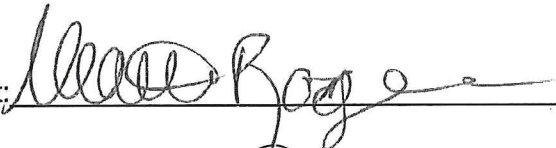

The Association and the Board mutually agree to the following:

New Haven Teacher Association 6th grade through 12 will stream live lessons for students who are quarantined due to COVID.

Staff will receive \$5.00 per class when having to stream their teaching a lesson live for quarantined students. They will track this on a sheet developed by business office, and can turn in at the end of each semester

Staff will send out zoom links to students, and students will be expected to log in at the start of the class. Zoom links will only be forwarded to students who have been officially quarantined by the Macomb County Health Department or New Haven Community Schools.

Attendance will be taken the same as if that student was sitting in the class.
